June General Meeting

Our June General Meeting will be held on June 4th at the Landings at Freedom Village. The evening will start at 6 PM with John and Lyla doing their usual Q&A session. From 6 PM until 6:45 PM Jack Hemstreet will be doing a basic computer SIG in the Landings Lounge. This is designed for newer computer users who need a little extra help with their computer.

At 7 PM John will be doing a demonstration on some of the **new features of Internet Explorer 8. He calls it “Sort of an IE 8 First Look”**. Microsoft advertises IE 8 as being more secure than previous versions, and it is noticeably faster on most sites.

John will also show a few “desktop tweaks” that he sometimes uses to make the desktop easier to see on the big screen at Freedom Village.

We will finish off the evening with our door prize drawing. As usual, Lyla and Patsy have selected a whole bunch of nice door prizes. These are for paid up members only. If you have friends or neighbors who would like to join MPCUG, make sure that they sign up before the meeting to be eligible for the drawing.

Hope to see you all on the 4th.
